

Evergreen Memorial Park Sample Rules and Regulations

(ask for the full Rules and Regulations)

Evergreen Memorial Park is a perpetual care cemetery. A fee of 15% (built into the price of each burial space) has been placed in the irrevocable Trust Fund heretofore established, which sum together with other funds of a like character in the trust forever, shall be invested and reinvested as authorized by law, and the net income only used for the care, maintenance and protection of Evergreen Memorial Park.

The Park requires that all remains of deceased persons be contained in a properly authorized casket or container upon arrival at the Park for interment, entombment, or inurnment. The Park specifically requires that all remains of deceased persons be embalmed if said remains are to be entombed in any mausoleum in the Park. The Park specifically reserves unto itself the right to approve and regulate all caskets, urns, containers, or vaults to be used for interments, entombments, and inurnments. Once a properly authorized container containing the remains of the deceased is in the confines of the Park, the Park reserves the right to refuse permission to open the casket or to touch the remains except with the consent of the legal representative of the deceased, or under a court order. When such action is permitted, a properly authorized officer of the Park must be present.

In an attempt to better serve and prevent misunderstandings, no interment shall be made or grave opened prior to the personal representatives, heirs or other authorized parties of the holder of Interment Rights in Evergreen Memorial Park physically appearing at the office of said Company to inspect the grave location to be opened, sign the "Authorization of Interment Order" and pay for all requested services.

All monuments and markers in the Park must be of a design and quality approved by the Park. All monuments and markers in the human sections must have some bronze attached.

No memorial or grave marker will be allowed on any burial space until the space has been fully paid for and the Deed for Interment Rights has been delivered to the purchaser.

No lot owner shall erect or place or cause to be erected or placed, on any lot in the Park, any memorial in respect of which the Park Superintendent disapproves.

In the upright marker areas, the area of the face of the memorial shall not exceed twenty percent (20%) of the area of the lot. The length of the base of the memorial shall not exceed seventy-five percent (75%) of the width of the lot. The width of the base of the memorial shall not exceed twenty percent (20%) of the length of the lot. Any stone marker or memorial shall have a thickness of at least five inches.

In the flat marker sections (Garden of The Cross, Garden of The Pioneers and Garden of The Pines), grave markers shall be of one piece of approved bronze or engraved granite and shall not exceed the size of the grave space allowing for a four-inch border of grass on the grave.

The bottom surface of all monuments or markers shall be level and true.

While the Park will exercise due care to protect raised lettering, carving or ornaments on any memorial or other structure on any lot in the Park, it disclaims responsibility for any injury thereto.

No coping, curbing, hedging, grave mounds, borders, enclosures of any kind, or walks of any kind shall be allowed to be built or placed on any lot in the Park. The Park reserves the right to remove the same without recourse, if so planted, erected or placed.

The use of tiles, bricks, and gravel, crushed rock, oyster shell, cinders, or other materials on any lot in the Park is strictly forbidden. Any of these used may be removed by the Park without notice to the Interment Rights lot owner.

Temporary markers or ornaments shall not be used, except as set by the Park. Temporary markers are temporary and will fade after time. Temporary markers will only be replaced upon request and for a fee.

Marble markers or monuments shall not be allowed, except by special permission from the Park Superintendent.

All markers and monuments in Garden of The Cross, Garden of The Pioneers and Garden of The Pines shall be flat bronze memorials, unless approved by the Park Superintendent in writing. All primary monuments in Garden of the Cross Upright shall be upright.

Evergreen Memorial Park, The Barn and the surrounding grounds are under 24 hour recorded video surveillance.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink. Either a grave liner or a burial vault will satisfy these requirements. Evergreen Memorial Park requires minimally a box grave liner or a bell grave liner in all sections except in The Green Garden.
