Additional Cremation Information

Cremation can only take place after proper signatures and permits are obtained by the mortuary. Normally, cremation can be completed within 4 full business days after arrangements have been made with Evergreen Memorial Park by next-of-kin. There will be an expedition charge ($150) if cremation is requested to be completed by next-of-kin in less time.

Any remains weighing 300 to 349 pounds will require an additional charge of $150 plus an adequate container (solid platform 3'x6'8") for use with specialized lifting equipment. In the case of remains weighing 350 pounds or more, there will be another additional charge of $1 per pound. Please understand that this is not a discriminatory statement. These charges are to insure the safe handling of the remains, including additional staff, a full-time on-site attendant and equipment required for the cremation/handling process.
